Checkers:- John and Maree Penney

Helpers points

The trial was in the Blenheim and Omaka area with lots of check boards with 10 points lost for checks missed. There were three check points for timing and time points were lost at 1 point per minute late or early. Total distance 23.3 km and time was 48 minutes.

Must have been fun, as all crew members had a smile on their faces after explanations were given.

Congratulations to all trophy winners which put another smile on everyone's face, because, Barry Voss wins the M. B. Mills Trials Trophy (note Dave Leslie is not a financial member!) and Craig Elaine and Cat win the Squires Trials Trophy.

Thank you to the TWO crews who turned up, hopefully if we ever run another Car Trial we will get more competitors. If you are interested in taking part in car trials ring John Pierson 5788512 for more information
