Congratulations to John and Maree Penney, who we have not seen on a Trial for some time, who win the Squires Trials Trophy.

The trial was in the Omaka/Fairhall area with lots of check boards and 2 time checks and 1 control with 60 points lost for checks missed, time points were lost at 6 points per minute late or early. Total distance 34 km and total time was 48 minutes.

Must have been fun, as all crew members had a smile on their faces after explanations were given, there were a couple of tricky instructions but no one got lost. Timekeeping by all crews was good.

Thank you to all crews who turned up, especially the three boys who turned up early for the motorkhana and were talked in to doing the Trial, they missed some checks and were 10 minutes early overall, but had fun!

Probably another trial later in the year, more details later.
